

HIMS RATING:

Health: 1
 Flammability: 0
 Reactivity: 0
 Personal Protection: B

Section 1: Chemical Product and Company Identification

Company Name: Three G Premium Supply, Inc
 1406 N. Ben Jordan
 Victoria, Texas 77901

Emergency Telephone Number: 1-800-893-3201

Date Prepared: Dec 20, 2005

MSDS Number: M0560

MFGD. By: Marco Chemicals Inc.
 690 Tower Drive
 Kennedale Texas, 76060

Product Name: DYNAMITE
 Product Class: Cleaner/Degreaser

Section 2: Composition, Information on Ingredients

CAS Number	Chemical Name	% By WGT.	OSHA PEL/ ACGIH TLV	SARA 302/304 (1) *	SARA 313 (2)*	STATE Info (3) (4)	CERCLA RQ
57018-52-7	1-t-Butoxy-2-Propanol	< 8	50ppm-skin 50ppm-skin	No	Yes	No	None
6834-92-0	Sodium Metasilicate	< 2	15 mg/m3 10 mg/m3	No	No	No	
1310-73-2	Sodium Hydroxide	< 2	2 mg/m3 2 mg/m3	No	Yes	No	1000 lbs

* See Section 15 for more information

n/e = none established – n/a = not applicable

Section 3: Hazardous Identification

EMERGENCY OVERVIEW: DANGER. Corrosive. May cause irritation of skin and respiratory tract. May be absorbed through skin. Clear, red liquid with butyl odor.

Primary Route of Entry: Eye contact, Skin contact/absorption, inhalation

Acute/Potential Health Effects:

Eyes: Causes sever irritation experienced as discomfort or pain, excess blinking and tear production, with redness and swelling of the conjunctive.

Skin: Brief contact may cause slight irritation. Prolong contact may cause more sever irritation with pain, local redness and swelling.

Inhalation: High concentration of vapor or mist may cause irritation of the respiratory tract.

Ingestion: May cause headache, dizziness, incardination, nausea, vomiting, diarrhea and general weakness.

Chronic / Long Term Effects: A 3-month inhalation study of propylene glycol t-butyl ether in rats gave no indication of chronic toxicity. Sodium Hydroxide – Discomfort and ulceration of skin, respiratory system and lungs.

Signs and Symptoms of Overexposure: Dermal exposure may cause local redness and swelling, pain and discomfort. Prolong skin contact may result in absorption of harmful amounts.

Target Organ Effects: Lungs and upper respiratory tract, eyes and skin.

Reproductive/Developmental Information: No Data.

Carcinogenic Information: This material is not listed as a carcinogen by IARC, NTP or OSHA.

Section 4: First Aid Measures

EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately.

SKIN: Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash contaminated clothing before reuse. Get medical attention immediately.

INHALATION: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

INGESTION: Seek medical attention immediately. **DO NOT** induce vomiting. Call a poison control center or doctor for treatment advice. Have person drink water if able to swallow. Never give anything by mouth to an unconscious person.

Section 5: FIRE FIGHTING MEASURE

Flash Point: No flash by standard methods.

Extinguishing Media: Use appropriate methods for combating surrounding fire.

Special Fire Fighting Instructions: Wear a self contained breathing apparatus with a full face piece operated in the positive pressure demand mode. Chemical resistant PPE is recommended.

Section 6: ACCIDENTAL RELEASE MEASURES

Stop all leaks. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Absorb spill with inert material (e.g., dry sand, earth). Prevent runoff from entering drains, sewers or other bodies of water. Absorb unrecoverable product. Transfer contaminated absorbent, soil and other materials to containers for disposal. Dispose material observing local, state & Federal health safety & pollution laws.

Section 7: HANDLING AND STORAGE

Follow all MSDS/label precautions even after container is emptied because they may contain product residue. Use with adequate ventilation. DO not get in eyes, on skin or clothing. Store in a cool dry place. Keep container closed & upright when not in use to prevent leakage. Keep out of reach of children.

Section 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

EYE PROTECTION: Wear safety glasses or goggles.

SKIN PROTECTION: To prevent or prolong contact, wear impervious gloves (made from rubber, nitrile or neoprene), clothing and boots.

RESPIRATORY PROTECTION: When respiratory protection is required, use an organic vapor & particulate cartridge. All respiratory programs must meet OSHA's 29 CFR 1910.34 & ANSI z88.2 requirements.

ENGINEERING CONTROLS: Good general ventilation required. Keep vapors of this material below 50ppm.

Section 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance and odor: Clear red liquid with butyl odor

PH Concentration: 12.5

Solubility in water: Complete

Vapor Pressure (mmhg): 1.5

Evaporation Rate (Butyl Acetate=1): n/e

Vapor Density (Air=1): n/e

Specific Gravity (H20=1): 1.19

Boiling Point: n/e

Section 10: REACTIVITY

STABILITY: Stable

HAZARDOUS POLYMERIZATION: Will not occur.

CONDITIONS TO AVOID: High temperatures.

HAZARDOUS DECOMPOSITION PRODUCTS: None

INCOMPATIBILITY: Strong acids, alkalis, oxidizing agents

Section 11: TOXICOLOGICAL INFORMATION

No Data

Section 12: ECOLOGICAL INFORMATION

No Date

Section 13: DISPOSAL CONSIDERATIONS

Waste Disposal Method: Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Section 14: TRANSPORTATION INFORMATION

D.O.T. Shipping name / class: Corrosive Liquid, Basic, Inorganic, N.O.S., 8
UN 3266, II (Contains Sodium Hydroxide)

Section 15: REGULATORY INFORMATION

U.S. Federal Regulations:

TSCA (Toxic Substance Control Act): The intentional ingredients of products are listed.

Title III Section 311/312 Hazardous Categories – 40 CFR 370.2: ACUTE (x) Chronic (x) Fire () Pressure () Reactive () Not Applicable ()

- (1) Title III Section 302/304 Extremely Hazardous Substance – 40 CFR 355 Appendix A
- (2) Title III Section 313 Toxic Chemicals – 40 CFR 372.65

If indicated under Section 2 of this MSDS, this product contains toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning & Community Right to Know Act of 1986. This information must be included in all MSDS that are copied and distributed for this material.

RCRA Status: Under RCRA, it is the responsibility of the product user to determine at the time of disposal, whether a material containing the product or derived from the product should be classified as a hazardous waste. If this product becomes a hazardous waste it would be assigned RCRA Code (s)

State and local Regulations: Certain states maintain their own ingredient lists which differ slightly from the Federal standards. If indicated under Section 2 of this MSDS, states listed below may have regulations on ingredients contained in this product. Check with your state for any additional regulations.

- (1) California proposition 65 (Safe Drinking Water & Toxic Enforcement Act of 1986)
 - (2) Massachusetts (Hazardous Substance Disclosure by Employers)
-

Section 16: OTHER INFORMATION

This information was compiled from current manufacture's MSDS's of the component parts of the product.

Disclaimer: The Manufacture believes that the information contained in the Material Safety Data Sheet is accurate. The suggested procedures are based on experience as of the data of publication. They are not necessarily all inclusive nor fully adequate in every circumstance. Also, the suggestions should not be confused with, nor followed in violation of applicable laws, regulations, rules or insurance requirements.
